Professional Summary

Computer Science undergraduate focused on Cybersecurity, AI Security, and Web Development. Skilled in Python, JavaScript, Linux, and SQL with hands-on experience building full-stack applications, automation tools, and security-focused projects. Interested in web security, ethical hacking, and full stack development.

Skills

- **Languages:** Python, JavaScript, SQL, Bash
- **Web Technologies:** HTML, Tailwind CSS, Node.js, React, Rest APIs
- **Frameworks:** FastAPI, Flask, Express.js
- **Tools & Platforms:** Linux, Git, GitHub, Docker, VS Code, Postman
- **Databases:** MySQL, PostgreSQL, Supabase
- **Domains:** Cybersecurity, Frontend Development, Networking, Web Security

Projects

AI-Powered Web Application Attack Simulation Platform github

- Built a full-stack AI-powered cybersecurity training platform for safe simulation of web application attacks.
- Built an automated attack engine capable of executing SQL Injection, XSS, IDOR, and file upload exploitation workflows against containerized vulnerable applications
- Integrated LLM-based vulnerability analysis to transform attack logs into penetration testing reports with risk ratings and mitigation guidance
- Developed secure backend services including attack logging, report generation, and Docker-based lab lifecycle management
- Tech Stack: React, Tailwind CSS, FastApi PostgreSQL, Docker

Face recognition Attendance System github

- Developed a web-based attendance management system with facial recognition integration.
- Built student and admin dashboards for attendance tracking and academic record management.
- Implemented Facial Recognition features to match students' faces and attendance marking
- Designed searchable student interfaces with responsive UI components and filtering features
- Tech Stack: React, Tailwind CSS, Vite, FastApi PostgreSQL

Certifications

- Google Cybersecurity Professional — certified May 2026
- HackerRank SQL(Advanced) Certificate — certified May 2026

Education

B.Tech in Computer Science and Engineering
Swarnandhra College of Engineering and technology — 2024 – 2028
CGPA: 8.4

Achievements

- 1st Place – CodeStorm, Abhyudaya Technical Fest
- Participant – Smart India Hackathon 2025 – top 25 teams in college level
- Participant – Business Plan Competition
- Built and deployed student-facing web applications for academic use.
